### Assignments and Activities:

**Attendance/Participation** – just show up with an open mind, ready to learn! There will also be opportunities to help other students and be helped by them.

**Weekly Exercises** are due by Wednesday's class each week in a notebook checked by the professor. This is an A-for-effort grade: I just want to see effort and time put in and will not deduct if you did not understand something. We will also, from time to time, break into groups to help one another.

**Bi-Weekly Vocabulary Quizzes** will be taken on the Canvas module like last semester.

**Mid-Term** is based on the grammar discussed in class.

The **final** will focus on the grammar for the second half of the semester and forms that we will be memorizing together in class by chanting.

**Late Work:** The following grading policy has been in place since August 2021.

1. The semester is divided into two parts, with the midterm week being the line of demarcation between the two halves.
2. Students may not submit any assignments, quizzes, papers, or exams which were assigned during the first part of the semester during or after the midterm week.
3. All assignments, quizzes, papers, and exams assigned during the second half of the semester must be completed and submitted by the last week of class to receive credit.
